Green signal for IGI-Gurgaon Metro

EASY ACCESS New Gurgaon-Dwarka Metro line gets ministry nod; to make commuting hassle-free for flyers

Sanjeev K Ahuja
sanjeev.ahuja@hindustantimes.com

NEW DELHI: The long wait for Gurgaon residents to get direct Metro connectivity to the Indira Gandhi International (IGI) airport will soon come to an end.

The proposed 11-km high-speed Metro link between Sector 21 in Dwarka and Gurgaon (Iffco Chowk) has finally got the green signal from the Union Ministry of Urban Development. The line will have three stations — Maruti Suzuki factory, Palam Vihar near IITM University and Sector 21, Dwarka.

Urban development minister Kamal Nath on Thursday announced that the government had sanctioned the Gurgaon-Dwarka Metro link. "The Delhi Metro Rail Corporation (DMRC) has submitted the detailed project report to us and we are studying it. We have, however, sanctioned the project which will be the second DMRC project in Gurgaon. We have also given the go-ahead to the ₹1,990-crore Mundka-Bahadurgarh Metro line," Nath added.

In June this year, DMRC started conducting the ground study to prepare the report for the Metro link between Gurgaon and Dwarka. The new line will come up on the public-private partnership (PPP) model, on lines of the airport link in Delhi. Private players will be invited to bid for it.

Proposed north extension of RMG by 7 kms

Rapid Metro Rail Gurgaon
 The 6.1-km intra-city Metro line connects the existing Sikanderpur Metro station with NH-8. It is the country's first privately-owned Metro. Project report under way for RMGL north, south extn by 7 kms on each side

first announced the project to link Gurgaon with IGI airport at a meeting of the National Capital Region Planning Board (NCRPB) in November 2009, in the presence of then urban development minister Jaipal Reddy.

DMRC chief E. Sreedharan said, "On the request of the Haryana government, we prepared a project report for the Dwarka-Gurgaon link. It will connect the Dwarka station in Sector 21 and Iffco Chowk. The

link will be an extension of the Airport Express Line which connects IGI with Rajiv Chowk station in Connaught Place." Residents of localities near Iffco Chowk such as Sector 17, 18, DLF Phase 2 and gated communities such as Heritage City, Beverley Park I & 2, Essel Towers and those living in Palam Vihar, sectors 21, 22, 23, 23A and Udyog Vihar, from where the Metro line is likely to meander, will benefit the most once the line opens.

FOR FASTER COMMUTE

The 12.6-km route will help both Gurgaon and Delhi residents
